

We want to reassure you that we are taking every step necessary in maintaining and updating our infection control protocols as it pertains to COVID -19.

## OFFICE ENHANCEMENTS & POLICIES

Sanitizing all high-touch areas & maintaining Social Distancing

Hand sanitizers available at the front desk and throughout the office for patients to use upon arrival and departure

- 
- Parking lot check-in available
  - Online forms
  - Quick check-out

Both offices equipped with air purification systems

Daily temperatures will be taken of all staff members and patients upon arrival

# Your Safety is Our Priority

Protective coverings on chairs, trays and light fixtures replaced after every patient

Following all sterilization and sanitization protocols for instruments, surfaces, high touch fixtures, etc.

In addition to PPE that we have always used, staff are utilizing N95 masks and head coverings

All patients and parents must wear masks while in the office

## CLINICAL AREA
